

THE ✧ UNICORN ✧ WAS ✧ THERE ✧

A student of theology, ancient history and comparative religion, Elizabeth Pool has long been intrigued with the lore of the unicorn. ✧ In this carefully researched work she has brought together the concepts of this animal in its myriad forms from its birthplace in Mesopotamian heavens through Africa and China to Scotland and England. ✧ Best described in Mrs. Pool's own preface, she writes: "From Eden to England you have been with us, coloring poetry, enriching art, enlivening our philosophies. Lore and legend, carefully culled and historically authentic, are here combined to do you honor, bright prince of the sky." ✧ The magnificent and imaginative illustrations are by James Houston, associate director of design for Steuben Glass. The printing is by Joh. Enschede of Haarlem, Holland. A handsome volume priced at \$5.00. ✧ ✧ ✧
